AUGUST 2022

## TEXO Workspace Solutions

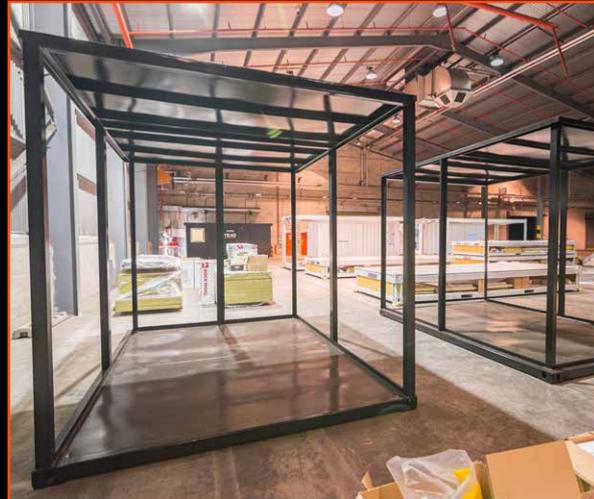

Pushing the boundaries of project design and execution, TEXO Workspace Solutions have rapidly become the go-to-provider for some of the leading names in the energy, construction, and infrastructure sector.

From offshore accommodation, new builds and upgrades, to land-based modular buildings covering projects from gym-pods, schools, welfare and office space, to airport security and national infrastructure, we cover every requirement with best practice and principles each and every time.

Whether your project is on land or sea, in the UK or further afield, our specialist team of discipline engineers, project and construction managers will deliver your project safely, on time and on budget, whilst maintaining the original guiding principles of integrity, clarity and communication that remain at the core of our day-to-day business operations.

Workspace Solutions offer a turn-key package, including concept design, scope development through to detailed design, manufacture and installation, ensuring maximum control measures are applied throughout.

We understand that each project is different and that every customer has their own requirements and expectations. It is this flexibility that sets TEXO Workspace Solutions apart.

# TEXO TALK

AUGUST

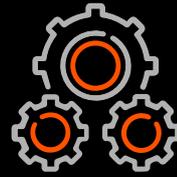

Whether your project requires our offshore teams to refurbish your living quarters, deal with safety critical elements such as A60 doors, or HVAC system maintenance, we have it covered. Alternatively you may require modular build support, and no matter the project or location, we relish the challenge of putting what you need in a box.

Across all industry sectors, our clients are facing challenges such as environmental compliance, raw materials, supply chain and staffing issues. At TEXO, we remain responsive and adapt quickly to our clients' needs. Such is our commitment, we have extended our workshop capacity to provide extensive manufacturing space for mixed project production. Our new facility incorporates full undercover storage and loading areas, ensuring your project is built with the highest of quality standards.

Our commitment to carbon reduction resonates through our business and our team is dedicated to the development of design and build techniques which deliver NET Zero modular structures, this combined with the industry statistics that on average prove that 67% less energy is required to produce a modular manufactured building leading to site time being reduced by approximately 50 % will help us and our clients drive these reductions down dramatically over the coming years.

We see our clients as partners in business and an opportunity to share our passion. It is this relationship that has been our success and will continue to be the key to the future of our business.

## Full fabrication and assembly of Blending Skid Base Frame

### The Client

TEXO Engineering & Fabrication was asked to fabricate a Blending Skid Base Frame complete with internal pipework with full assembly trial fit, inspection and hydrotesting. We were also asked to lift-test the complete blending skid, and to coat the frame and pipework to the client's specification.

Our client chose to work with us because we could manage the full programme of work, including managing and communicating with other third-party sub-contractors.

### The Solution

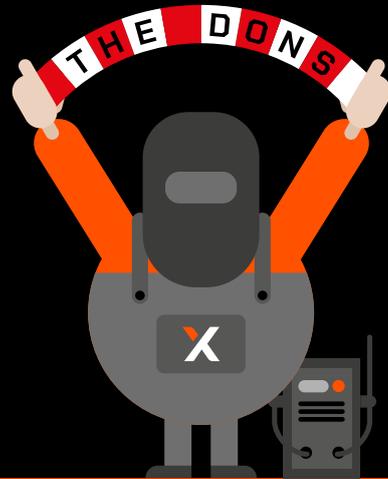

We worked closely with the client and other subcontractors to ensure that the project was managed smoothly. We undertook a trial assembly of the spools to the skid, and needed to make up dummy spools to replace the valves, which were not available for the trial assembly period. This allowed us to check that there would be no clashes when the project was handed over to the client.

### The Result

*"In short everything was very good, we were – and are – impressed with the quality of work done, and the high standard you hold both in the management, fabrication and throughout your facility."*

## X MARXS THE SPOT

### This months winners found an X marked on their seat

Congratulations to Scott Henderson winning 4 tickets for our match with Livingston!

4 year old Connor Edmond attending his first Dons match with dad Bruce who has been supporting the Dons at Pittodrie for 40 years!

Congratulations to Robert Fowler who was surprised with a 'TEXO X' on his seat before being presented with a prize when Aberdeen met St Mirren.

## Blyth Spartans Special Guest!

Commonwealth Bronze Medallist, Savannah Stublely was a special guest at the Blyth Spartans match against Gloucester this month. Savannah, sponsored by the Port of Blyth, made her senior international debut at the 2022 Commonwealth Games. Team England secured its most successful Games at Birmingham 2022 with a record-breaking medal haul of 176, one of which was won by flyweight Stublely in the boxing quarter-finals. Congratulations to Savannah from all at TEXO, we look forward to seeing you at Croft Park again soon!

## Witham Cricket Club celebrates 175<sup>th</sup> Anniversary

Witham Cricket Club, sponsored by TEXO, turns 175 this year! Formed in 1847, the club is now on its way to a double century and has marked this special year by competing in the East Anglian Premier League, the highest level of club cricket. The club has celebrated this huge milestone by putting on special events throughout their own 'Cricket Week' in August, with the club's very first floodlit match, a gala dinner, and kwik cricket tournament.

## TEXO and AFC Sponsorship Creating Special Memories for Families

Children who are supported by north east charity The Archie Foundation are being given more reasons to cheer thanks to Aberdeen Football Club's (AFC) official sponsor, TEXO.

The industrial services provider is donating 10 tickets for every home game at the Pittodrie club to help families supported by the foundation and NHS staff create special memories.

Lynne Brooks, Partnership Manager at The Archie Foundation, said: "Many of our families are in and out of the hospital on a regular basis. We have families who have experienced a close family bereavement and we have our amazing NHS colleagues who have worked so tirelessly over recent years who are all benefiting from the

*incredibly kind donation from TEXO and AFC. Having these tickets to bring a little joy to the weekends is something everyone at Archie is thrilled about."*

One of the charity's ambassadors, Baxter Dick, 10, was among the first children to benefit from the new agreement.

His Mum, Ailsa Dick, said: "Everyone at AFC was so kind - we were treated like VIPs. Baxter was really excited and we all had such a wonderful experience, it is certainly a day that we'll remember for a long time to come."

TEXO is a long-standing supporter of The Archie Foundation, the official charity of Royal Aberdeen Children's Hospital and Aberdeen Neonatal Unit, providing sponsorship for events and supporting projects within the hospital.

Baxter, cheering on Aberdeen Football Club with friends Dylan and Luke, thanks to TEXO donation of tickets.

# TEXO TALK

The Archie Foundation provides vital services and support transforming experiences and outcomes in healthcare and bereavement for local children and families.

Chris Smith, TEXO Group Managing Director said: *"We are delighted to be able to offer The Archie Foundation tickets for home matches at AFC as part of our ongoing support for the charity. The tickets are just the beginning of the partnership with AFC and Archie and we are looking forward to making more memories as the season goes on."*

The 2022/23 season is TEXO's first as Aberdeen Football Clubs' official sponsor and will be the first season in which the TEXO branding will adorn the AFC

shirts, with the company keen to use its association with the Club to bring joy to local families.

Sarah McColl, Partnerships Manager from Aberdeen Football Club added: *"We are really excited that over the coming two seasons we will be welcoming children and their families from The Archie Foundation to Pittodrie for a unique match day experience. TEXO are a company rooted in the local community, very much like ourselves, as the city's football club and it's fantastic to be working in collaboration with them to bring smiles to many children and their families faces. The response from families so far has been wonderful and it is great to see the children and their families enjoying the AFC experience."*

Baxter Dick, alongside TEXO Financial Director, Gordon Watt, with gifted 22-23 season shirt.

Five-year-old Finlay Anderson had a great time at the AFC match with tickets kindly donated by TEXO.

FOUNDATION

## Dean Sutherland confirms home city title fight

Undefeated Aberdeen boxer Dean Sutherland, whom TEXO proudly sponsor, has confirmed he will fight for a title in a home city bout in November. 23-year-old Dean will also step up a division to super-welterweight.

Now one of Scotland's hottest young talents, Dean boasts a flawless pro record of 13 wins from 13 fights, and has already secured three professional belts – WBC International Silver, WBO Youth and BUI Celtic titles at welterweight.

Before Dean's bout in Aberdeen, he will box at the Crowne Plaza Hotel, Glasgow on Friday 9th September. This will be Dean's first fight since defeating fellow Scot Corey McCulloch on points at the Beach Ballroom in March.

*I will fight for a prestigious title at super-welterweight in Aberdeen. I'm going to make it a very special night to remind everyone why I am the next big thing coming out of Aberdeen. I want to create a legacy and really put Aberdeen on the boxing map. I want to have a great fight in Aberdeen in November then I will have some very exciting news for the year after that. It's an incredibly exciting time for me."*

**Dean Sutherland**

## TEXO TEAM PLAYER OF THE MONTH

**Blair Young**

TEXO DS-12 Team  
Engineering & Fabrication

*The DS-12 recently received recognition for Valaris "rig of the quarter". I would like to extend my appreciation to TEXO's offshore workers contribution to this achievement. DS-12 appreciates their hard work, dedication, and commitment to safety since they played an integral role in helping us achieve this success.*

Client

*Blair and the 6-man RA team mobilised pre-Xmas 2021 to the DS12 Drillship Offshore Angola to complete upgrades upcoming BP Well activities in Mauritania & Senegal while still on station.*

*From the moment of first contact, the team were fully onboard with all the joining instructions, required paperwork and mobilizing instructions.*

*Work scopes - The team have worked incredibly well together, assisting the vessel with everything asked of them, delivering impeccable workmanship, and troubleshooting on their feet with any issues that have arisen.*

*Paperwork – All toolbox talks, risk assessment and method statements have been completed every day, adjusted, and made dynamic where required to ensure every aspect has been covered. Rope access logs have been completed monthly and all paperwork has been submitted on time, every month for management auditing purposes.*

*Health and Safety – The team have delivered a zero-hour LTI record since first mobilizing in December 2021. They have also contributed vastly to the vessels HSEQ and have assisted in prevented incidents from escalating and keeping their fellow crew in a safe environment.*
